Architecture Suite

Optimise your AutoCAD Revit Architecture Suite software with Autodesk Subscription.

AutoCAD Revit Architecture Suite

AutoCAD® Revit® Architecture Suite 2010 turns maximum flexibility into competitive advantage. Combining AutoCAD® 2010 software, AutoCAD® Architecture 2010 software and the benefits of the Revit® Architecture 2010 building information modelling (BIM) application, your legacy software, training and design data investments are protected, enabling you to move to BIM at your own pace.

Autodesk Subscription

Enjoy the latest release of Autodesk software, incremental product enhancements and exclusive licence terms that are available only to Subscription members. A range of community resources, including web support direct from Autodesk technical experts and self-paced training to extend your skills, make Autodesk Subscription the best way to optimise your Autodesk software investment.

Thinking of buying the latest release of AutoCAD Revit Architecture Suite? Before you finalise your decision, consider the benefits of adding Autodesk Subscription to your AutoCAD Revit Architecture Suite software licence. Autodesk Subscription helps you stay up-to-date with the latest release of the software in a cost-effective way, while maximising your productivity with exclusive licence terms and access to training and technical support.

Specifically, you'll enjoy:

Software Upgrades

Automatic and worry-free

For the term of your Subscription contract, you're entitled to receive all AutoCAD Revit Architecture Suite software releases at no extra charge. Autodesk Subscription protects your investment by helping you stay competitive with the latest software releases.

Exclusive Licence Terms

Hassle-free and flexible

Never miss a beat! Autodesk Subscription makes managing software licences easier. You'll have added flexibility to allow your employees to use their AutoCAD Revit Architecture Suite software in the office or at home. And only Subscription members are entitled to use previous versions of AutoCAD Revit Architecture Suite software concurrently with the upgrades, in order to access new functionality in the latest releases. That means you can keep working on all projects seamlessly.

Product Downloads

Stay ahead of the competition

Rich content, extensions and bonus tools are available exclusively to Subscription members. Released periodically, downloads for AutoCAD Revit Architecture Suite software applications provide you with new, specialised functionality. Benefit from leading-edge capabilities and convenient implementation without disrupting ongoing projects.

(continued on other side)

Training

Get up to speed quickly

Give your team instant access to a complete library of interactive training tools and high-quality, self-paced e-Learning lessons that allow users to increase their productivity and master new skills. With the choice to access e-Learning on-demand via Subscription Center, or through the Info Center — you learn on your terms.

Web Support

One-on-one communication with experts

With web support, you get direct, one-on-one communication with AutoCAD Revit Architecture Suite support technicians for answers to your installation, configuration and troubleshooting questions. And you don't need to keep track of support records and email trails, because we'll do it for you!

Technical Knowledge Base

Quick and easy access to solutions

The Technical Knowledge Base is a comprehensive online database of technical solutions enabling you to search for crucial information that can help you get the most out of your product. Subscription members have exclusive access to advanced web search capabilities, providing fast access to the most relevant solutions available and making it easier to find the information you want.

Predictable Budgeting

Remove financial surprises

Subscription offers an easy way to predict your software investment costs. Whether you opt for a one-year or a multi-year Subscription, you can easily account for your expenses for the entire term of the contract.

Subscription Center

Simplified Licence Management

Autodesk Subscription Center gives members an online password-protected portal where they can quickly access the many features of Subscription, including software updates, online training and an extensive Knowledge Base. Members can also administer their Autodesk Subscription contract and manage their AutoCAD Revit Architecture Suite software licences. Login today at: www.autodesk.co.uk/subscriptionlogin.

What's New

Autodesk continues to develop new ways to add more value to the Subscription programme. For a list of the latest feature releases, visit:
